2. Never provide (enter) your PIN while paying via Internet (online stores). If you have disclosed your PIN in an online store, immediately terminate the transaction and contact us to block the Card.
3. When you enter your PIN-code, please make sure it is not visible to other persons and not recorded by cameras.
4. Watch closely during the transactions you make at leisure and entertainment facilities. It is recommended that you do not entrust your Card to other persons and do not allow use of the Card out of your sight.
5. Do not use ATMs, cashing devices and POS-terminals you find suspicious or not reliable, or devices the card readers, keyboard or cash dispensing holes of which are connected to foreign devices, conductors, adhesive tape, etc.
6. When making online payments, etc., you should give preference to secure payment websites. Online gambling casinos and betting websites are considered the most risky channels.

We shall not be held liable if you don't receive an SMS due to any technical or other issue not related to our operations, which may result in failure of any of your transactions.
12. To protect yourself against fraudulent transactions, you may at any time during the validity period of the Card set transaction limits depending on the type or geographical coverage of card transactions. The limits shall be applicable only to transactions subject to authorization and shall be effective during the period specified by you.
13. For security considerations, the Bank can prohibit or restrict card transactions in higher-risk countries.
14. To improve security of the Card, upon your request we may send you an SMS-alert each time you perform a card transaction. The service is subject to the Bank fees.
