## ATTENTION!

THE INTEREST IS ACCRUED TO THE DEPOSIT AMOUNT AT THE NOMINAL INTEREST RATE. THE ANNUAL PERCENTAGE YIELD SHOWS THE INCOME YOU CAN EARN IF YOU MAKE THE MANDATORY DEPOSIT PAYMENTS AND RECEIVE THE ACCRUED INTEREST WITH THE SELECTED FREQUENCY.
ANNUAL PERCENTAGE YIELD IS CALCULATED BY THE FOLLOWING FORMULA:

$$
A=\sum_{n=1}^{N} \frac{K_{n}}{(1+i)^{\frac{D_{n}}{365}}}
$$

where
i is the narrowly defined effective rate (NDER)
Kn is n number of cash flows from the Bank's perspective
$\mathbf{N}$ is the number of cash flows related to that particular financial instrument
A is the initial amount attracted or provided
Dn is the period of receiving the nth cash flows expressed in the days elapsed from the day of the first flow (the day of first flow being the day of attracting or issuing the amounts)

Where there is $X$ in any cell of the table, the respective condition is not applicable to that deposit type.

[^0]${ }^{3}$ The client may top up the deposited amount throughout the term except the last 3 months. Maximum allowed increase is $30 \%$ of initial deposit amount. If the deposit with a top-up option is renewed automatically, it will be considered a new deposit, and after the renewal the top-up restrictions shall apply in the same manner as they would apply to a new deposit with the same terms.
Funds transferred by third parties can be deposited in the name of the depositor provided the required details of deposit account are specified.
In this case, the option of "payment of interest upfront at the beginning of the term" is not applicable.
${ }^{4}$ The client can partially withdraw the deposited amount throughout the term except the first 3 months. Maximum allowed withdrawal is $30 \%$ of initial deposit amount. Interest accrued to the repaid amount shall not be recalculated.
If you withdraw a part of the deposit amount, we will provide you a deposit account statement. You will be required to confirm the receipt of the statement and actual decrease of the deposited amount with your signature.
In this case, the option of "payment of interest upfront at the beginning of the term" is not applicable.

Terms and conditions for deposits over AMD 2 billion or foreign currency equivalent are determined in accordance with applicable internal regulations of the Bank.

## Additional benefits:

We may, at our own discretion, provide to the depositor a loan or revolving or non-revolving line of credit on card (debit or credit) under the following conditions:

| Currency | Interest rate | Loan (Line of credit) / Deposit (LTV) Ratio ${ }^{\boldsymbol{1}}$ |
| :--- | :--- | :--- |
| Same as deposit currency | Deposit rate $+4 \%$ | Up to $90 \%$ |
| Other than deposit currency | The rate specified in Retail Lending Terms | Up to $70 \%$ |

We will have the right to charge the amount of any overdue liabilities on credit card to the deposit account through direct debit (without prior consent of the depositor).

This clause is applicable unless otherwise defined by deposit terms and/or deposit agreement.
